ATTN: Certificate of Correction Branch  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Pursuant to the provisions of 37 C.F.R. § 1.323, please enter the attached Certificate of Correction. Applicants submit that the changes are supported by the disclosure at page 23, lines 12-13 in the originally filed specification (see col. 9, lines 55-56 in the patent), and Applicants submit that one of ordinary skill in the art would clearly understand that a characteristic of a silver halide emulsion would be a silver chloride content of 90 mol % or more, not a silver halide content of 90 mol % or more (which would not make any sense).
